SAN ANTONIO, Tex., Nov. 15.—The six soldiers, killed yesterday when a transport plane crashed near here were trapped in the cabin by the folds of an open parachute, an investigation of the wrecked biplane revealed today.

Two men leaped free of the falling plane and floated to safety in their parachutes. They were Lieut. Harvey F. Dyer, pilot of Beverly, Kan., and Sergeant Frank Siebenaler, of Milwaukee. The cabin doors were blocked by the opened parachute, apparently opened too soon, or accidentally, by one of the soldiers.

Lieut. Dyer said the big plane went out of control at an altitude of 3,000 feet. He said he shouted to the men to jump and he and Siebenaler, in open seats, leaped to safety. Shortly after they leaped, the right wing of the plane broke from the plane and fell.

Lieutenant Dyer is one of the pilots who carried mail for President Coolidge when the president was vacationing in the Black Hills two years ago.

The six soldiers killed were:

Privates, Iceldor Villarroel, Vunta Coinabainha, Bolivia; Arthur W. Hardisty, Lebanon Junction, Ky.; Carl W. Harris, Willitsboro, Texas; Harry W. Gauldin, Callander, Va.; Deane F. McClosky, Placido, Tex.; Irvin Self, Visitor, Tex.

CLEVELAND, Nov. 15.—Fred W. Ramsey, community fund chairman and newly appointed general secretary of the National Council of the Y. M. C. A., announced here today that he had withdrawn his membership in the Ohio Anti-Saloon League.

A letter announcing his withdrawal and his resignation as a member of the executive committee of the Dry Maintenance League, local branch of the state organization, was mailed to Cleveland headquarters some time ago, he said.

The resignation has not been accepted, according to George C. Southwell, secretary of the Dry Maintenance League.

Ramsey explained his withdrawal by declaring that he was not in accord with the political activities of the Anti-Saloon League.

"I believe the committee of 1,000 headed by Daniel E. Poling and Fred Smith will accomplish much more," he said. "It has an educational principle and I feel very strongly that what is needed now is education, not politics."

He said he had in no way changed his attitude toward prohibition or the efficacy of the Volstead act.

COMMUNISTS
SLAIN IN FIGHT

HONG KONG, Nov. 15.—One hundred Communists were killed and more than 200 taken prisoner in a two day battle with Nationalists, advices to Hong Kong said today.

The battle began at Shek-

ton City in the Fayuen dis-

trict.

The Communists have had a

stronghold there for more than

a year and recently the radical

leader was ordered to retreat

to Chingol from where he was

rounded.

To that end he will invite offic-

ials of the various Central and

South American countries he visits

to come to the United States as

the guess of the liaison during his

administration as president, it was

learned today.

These invitations will be extend-

ed personally and thus will carry

the cordinity aided by the person

at touch.

Hoover wants to remove all

"hush hat" atmosphere from his

visits. He has requested the state

department that he go as a pri-

ate citizen instead of as official

representative of the United States.

Hoover has decided to take Mrs.

Hoover along with him.

Mrs. Hoover will be accompanied

by her private secretary, Miss

Ruth Fessier, of Duluth, Minn.

Like the president-elect and Mrs. Hoover is a graduate of Stan-

ford University.

The two will be the only women

aboard the battleship Maryland.

Her presence will be contrary to

established custom in the Ameri-

can navy, but exceptions have been

made.

Hoover's idea in inviting officials

of Latin-American nations to visit

the United States while he is

president goes beyond his own ad-

ministration in purpose. He would

like to see it a permanent custom

for heads of the various countries

in the Western Hemisphere to visit

one another, a custom of European

nations for centuries.

Hoover has broadened the scope

of his tour to include a visit to Ni-

caragua as it was indicated several

days ago by the United Press.

With his visit to Mexico, he thus

will make a personal appearance

in the two countries below the

Rio Grande in which most ill feel-

ing against the United States has

been shown in recent years. The

Coolidge administration's policy in

both has come under heavy fire in

the senate.

Today Alliance police were pat-

rolling one side of Mahoning Ave.

Mahoning deputies the other, with

Sebring police and officers from

two justice-of-the-peace courts

working in other sections of the

suburb.

Drastic steps to stem the flow of

liquor from across the Stark-Mah-

oning County border were ordered

yesterday by Police Chief Harry L.

Stark in his monthly inspection of

the police department.

Today Alliance police will make

their first stop under the tentative itinerary

at Corinto, Nicaragua's west coast.

Hoover and his party are expect-

ed to make the twenty-seven mile

trip inland to Managua, the capital,

where American marines have been

familiar figures in recent

months.

Cordial invitations have come

from other Central American coun-

tries but no decision has yet been

reached as to visits. There is a

possibility the president elect may

visit Guatemala.

FRANCE WILL REJECT PLEA FOR
RETURN OF OIL CASE WITNESS

PARIS, Nov. 15.—France will re-

ject the American government's re-

quest for the extradition of Henry

M. Blackmer, wanted in the United

States on an income tax charge.

The United States has learned from

its officials that the American govern-

ment will also that the offense of

making a false statement in a fis-

cal statement, which was the basis

of the American request, is not

punishable in France.

While it is virtually certain that

the court will reject the American

request, U. S. treasury department

attorneys and official reports of

the American government will be

presented at the trial by the 100 per

cent of its membership.

Chairman Zell revealed Wednes-

day that two Xenians expecting to

be away from the city during the

week of the campaign will turn

out to be Xenians.

It is planned to obtain a prominent

Xenia man to address the

gathering and stimulate interest in

the solicitation campaign.

With the city divided into

districts and team captains being

appointed for every district, ches-

ters expect to personally in-

terview every citizen during the

week's drive.

At the end of each day of solicita-

tion, the team captains will turn

in their reports at chest headquar-

ters at City Hall.

The canvass of the city will be im-

mediately after the luncheon

which has been arranged to inten-

sify interest in the drive and will

be attended by more than 200 men

and women workers.

Members of the Kiwanis and Ro-

tary Clubs have agreed to abandon

their regular dinner-meetings for

Tuesday and each club will be repre-

sented at the rally by 100 per

cent of its membership.

It is planned to obtain a prominent

BURTON RESIGNS AS
CONGRESS MEMBER

COLUMBUS, O., Nov. 15.—Theodore E. Burton, Cleveland, U. S. senator-elect, has submitted his resignation to Governor Donahey as congressman from the 22nd Ohio district, preparatory to assuming his place in the senate on December 15.

Replies to Burton's letter of resignation, Gov. Donahey wrote that he would issue Burton's commission as senator as soon as the state canvassing board officially reported the November election vote.

Burton's seat in the lower house of congress will remain vacant until State Senator Chester C. Bolton, Cleveland, elected to succeed Burton, takes office next March 4.

There is no legal authority for the governor to appoint a congressman and Gov. Donahey has indicated he will not call a special election in the 22nd district.

SUES FOR SLANDER

LANCASTER, O., Nov. 15.—Suits charging slander and asking damages totaling \$50,000 have been filed here by the Rev. Grover C. Gillfillen, pastor of Wesley Chapel Methodist Episcopal Church against Cora McDonald, James Mason and Oscar Kiger. The pastor said he had been falsely charged with theft, with being lodged in jail and with exchanging wives with a member of his congregation.

ADMIT TESTIMONY

WASHINGTON, Nov. 15.—The government won today in its efforts to place before the Robert W. Stewart perjury trial the testimony of the Standard Oil magnate before the senate Teapot Dome committee last April 24, when he admitted receiving \$759,000 in Continental Trading Company Liberty bonds.

RESCUE AT SEA AND SURVIVORS

LUNCHEON WILL LAUNCH FIRST COMMUNITY CHEST DRIVE HERE

Wheels of Xenia's first Community Chest campaign for \$10,000 to "help others" will be set in motion Tuesday, November 20 at 12 o'clock at a noon-day luncheon at the all the chest workers at the Elks Club.

The canvass of the city will begin immediately after the luncheon which has been arranged to interest in the drive and will be attended by more than 200 men and women workers.

Members of the Kiwanis and Rotary Clubs have agreed to abandon their regular dinner-meetings for Tuesday and each club will be represented at the rally by 100 per cent of its membership.

It is planned to obtain a prominent Xenia man to address the gathering and stimulate interest in the solicitation campaign.

With the city being divided into districts and team captains being appointed for every district, chest

workers expect to personally interview every citizen during the week's drive.

At the end of each day of solicitation, the team captains will turn in their reports at chest headquarters at City Hall.

T. H. Zell, general chairman of the drive, discloses that a bulletin board on which a tabulation of chest subscriptions will be kept daily, will be erected on the Court House lawn. Progress of the campaign toward its \$10,000 goal will be noted on a thermometer on the bulletin board.

Chairman Zell revealed Wednesday that two Xenians expecting to be away from the city during the week of the campaign have already started the ball rolling with contributions totalling \$80. This is pointed out as an indication of the interest being manifest in the coming drive.

REPORT STEAMER IN DISTRESS; CUTTER HAS LOCATED SHIP

Commercial Vessel Asks
Succor; Nine In

WASHINGTON, Nov. 15.—The schooner Anna R. Heidritter, which was reported in distress on Tuesday night has been located by the coast guard cutter Yamacraw, Rear Admiral Frank H. Clark, commander of the destroyer squadron advised the navy today.

At 10:30 last night Rear Admiral Clark directed the destroyers Williamson and Goff at Charleston to search for the missing schooner. At 4:00 a. m. today he radioed that the "schooner had been located."

NEW YORK, Nov. 15.—The Radio Marine Corporation at 5:45 a. m. today reported that the steamer Christobal had announced interception of distress signals from the schooner Anna R. Heidritter.

There was no indication of the extent of the schooner's danger.

The Anna R. Heidritter is a four masted 640 ton vessel owned by the Heidritter Lumber Company. Its port of registry is Newark, N. J.

The position given in the Radio Marine report would place the schooner about 250 miles off the Carolina coast.

The schooner was enroute to New York with a cargo of lumber and a crew of nine men.

According to passen-

gers the Vestris started to list shortly after leaving New York, the list accentuating until it reached 30 degrees.

HOOVER EXPECTS TO INVITE RULERS TO RETURN HIS VISIT

Exchange Of Visits To
Be Encouraged On
Southern Trip

PALO ALTO, Calif., Nov. 15.—President Elect Hoover hopes to establish through his Latin-American tour the neighborly custom of an exchange of visits between the heads of those countries and the United States.

To that end he will invite officials of the various Central and South American countries he visits to come to the United States as the guests of the nation during his administration as president, it was learned today.

These invitations will be extended personally and tactfully by the country's heads to the persons in touch.

Hoover wants to remove all "hush-hush" atmosphere from his visit. He has requested the state department that he go as a private citizen instead of as official representative of the United States. He has decided to take Mrs. Hoover along with him.

Mrs. Hoover will be accompanied by her private secretary, Miss Ruth Fessier, of Dunuth, Minn., who, like the president-elect and Mrs. Hoover, is a graduate of Stanford University.

The two will be the only women aboard the battleship Maryland. Their presence will be contrary to established custom in the American navy, but exceptions have been made.

COLUMBUS, Nov. 15.—Frank H. Hysell, 60, former general agent of the old T. & C. is dead in New York from injuries he received when he fell from a window, according to information received here.

FRANCE WILL REJECT PLEA FOR
RETURN OF OIL CASE WITNESS

PARIS, Nov. 15.—France will reject the American government's request for the extradition of Henry M. Blackmer, wanted in the United States on an income tax charge. Progress of the campaign toward its \$10,000 goal will be noted on a thermometer on the bulletin board.

The procurer-general today all of the papers in the case over to the accusations court and the court is expected to cite two grounds in throwing out the request. It is pointed out that the French law limits extradition to within three years of the commission of the crime, whereas five years have passed in the Blackmer case.

While it is virtually certain that the court will reject the American request, U. S. treasury department attorneys and official reports of the American government will be heard by the justices. The case will come before the court during this month.

Under French law, the decision of the accusations court is final if it rejects the request, although the minister of justice could reverse the decision if the request was granted.

QUESTION SUSPECT
IN LIQUOR MURDER

AKRON, O., Nov. 15.—A 23-year-old suspect was questioned by police today in connection with the murder of Enrique Rico, 31, on a country road between Kent and Ravenna, last night.

Rico, police say, was a rum-runner and apparently was lured to the spot by a fictitious liquor buyer, police said.

Rico's head was nearly blown off by a shotgun charge. The assassin then dumped the body onto the road, took Rico's car, and sped in the direction of Kent.

Police later found a fifty-gallon

Officers Clash In Effort
To Enforce Liquor
Law

ALLIANCE, O., Nov. 15.—Law enforcement agencies of five different jurisdictions today were patrolling the streets of East Alliance in what may result in renewal of animosities between Alliance and Mahoning County authorities.

East Alliance lies half in Stark and half in Mahoning County, with the middle of Mahoning Avenue as the boundary line. Alliance police formerly handled law enforcement there, but an alteration between the police and two Mahoning County deputy sheriffs led to their withdrawal two years ago.

Today Alliance police were patrolling one side of Mahoning Ave., Mahoning deputies the other, with Sebring police and officers from two justice-of-the-peace courts working in other sections of the suburb.

Drastic steps to stem the flow of liquor from across the Stark-Mahoning County border were ordered yesterday by Police Chief Harry L. Stark in his monthly inspection of the police department.

Closed a few weeks ago when state and county liquor sleuths raided the section, East Alliance is again flourishing, police report.

Co-operation of citizens in reporting the suspected source of liquor was sought by Chief Stark in launching his clean-up.

No one tried to explain the cause.

Meanwhile autopsies have been ordered on the bodies brought to port last night by the cutters Tucker and Acushnet.

people who suffer from disorders of these organs. At the same time Konjola brings new feelings of health over the whole system in general. This remarkable remedy has been endorsed by hundreds of Xenia people in all walks of life. One of the latest amazing statements came from Mr. W. B. Masters, Alpha, O. (near Xenia) who made the following statement to the Konjola Man at the Galaher Drug Store, Xenia, Ohio.

"Konjola has given me new health in every way," said Mr. Masters, "and I am glad to tell others so that they may benefit in the same way."

"For several years I have been bothered with stomach trouble. Immediately after I would get through eating, gas would begin to form in the pit of my stomach. Everything I ate would sour on my stomach and I would belch up a hot, sour, burning liquid. This taste would stay in my mouth for several hours afterward and my throat would feel as though it was on fire. The pressure of the gas upon my heart would be so great that I thought it was going to stop beating. At night I could not sleep well but would be forced to walk the floor because the pains from my stomach were so great I would become very short of breath at the least bit of exercise and the pains and misery in my stomach went clear through to my back. I was told by many people that my stomach was in an acid condition. I tried every medicine I had ever heard of for relief, but the trouble still remained with me."

"A friend of mine, who came to visit me, told about this new medicine and advised me to give it a trial. So I got some and began taking it. It is a blessing that I did because I had only been taking it a week when I noticed a wonderful change over my whole system. It seemed to me that new life energy was flowing through my body. I kept on taking this medicine and soon completed a full treatment of it. Now, my stomach never bothers me and I can sit down and eat whatever is placed before me without a thought of after effects. The gas never comes any more and those awful belching spells that I formerly had are gone. When I go to bed I sleep right on through until morning and when I get up I feel full of pep and vigor. There is not a pain anywhere in my body and I know it is all due to my taking Konjola. I want to endorse and recommend this medicine to other people suffering as I have."

The Konjola Man is at the Galaher Drug Store, Xenia, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

XENIAN REUNITED WITH FAMILY AFTER
BEING SEPARATED FOR EIGHT YEARS

After a separation of eight years because of immigration laws restricting his family's admission into the United States, Charles Malavazos, who with his cousin, James Malavazos, operates the Xenia Candy Kitchen, E. Main St., has at last been reunited with his wife and three small children.

More than sixteen years ago Malavazos, a native of Greece and then single, took out naturalization papers after coming to America. In 1912 he lost his identity as an American citizen when he returned to his native country to fight as a volunteer in the Greek army. He was married while there and years later returned to the United States, coming to Xenia to enter business.

For more than two years past his efforts to obtain the consent of immigration authorities for the ad-

mission of his family to the United States have been unavailing. Under the immigration laws, only a certain percentage of foreigners from each country may enter this country every year and Malavazos recently obtained the inclusion of his family in the yearly quota.

When his wife and children landed in New York City about ten days ago, Malavazos was there to meet them. He brought them to Xenia last Sunday.

Temporarily they will make their home at 639 N. King St., where James Malavazos and his family live. Two of the children are girls, aged 8 and 10. The boy is 12 years old. The wife and children are unable to speak English but the children are of school age and the father expects to enter them in the Xenia public schools soon.

Malavazos had not seen his family for eight years.

Mr. R. D. Adair of the Adair Furniture Store, is confined to his home on N. Galloway St. with a severe cold.

Mr. Russell Smith, Muncie, Ind., is visiting relatives in Greene County.

Clarence Jeffries and his orchestra will furnish music for the Elk's dance, the first of the winter series, at the Elk's Club, Thursday night. Dancing will be enjoyed from 9 to 1 o'clock.

When your
Children Cry
for It

There is hardly a household that hasn't heard of Castoria! At least five million homes are never without it. If there are children in your family, there's almost always need of its comfort. And any night may find you very thankful there's a bottle in the house. Just a few drops, and that colic or constipation is relieved; or diarrhea checked. A vegetable product; a baby remedy meant for young folks. Castoria is about the only thing you have ever heard doctors advise giving to infants. Stronger medicines are dangerous to a tiny baby, however harmless they may be to grown-ups. Good old Castoria! Remember the name, and remember to buy it. It may spare you a sleepless, anxious night. It is always ready, always safe to use; in emergencies, or for everyday ailments. Any hour of the day or night that baby becomes fretful, or restless, Castoria was never more popular with mothers than it is today. Every druggist All druggists. 25c.

GEORGE SELLARS, 92,
CALLED THURSDAY;
FALL PROVES FATAL

The Xenia Boy Scout Council, newly-organized, will play host to all Xenia Scouts and boys of Scout age at a party at the Elks' Lodge rooms at 7 o'clock Friday night, it is announced.

Every member of Troops No. 41, 43 and 45 is urged to be present and bring with him another boy of Scout age.

All former Boy Scouts are also invited to attend the party.

A feature of the evening's entertainment will be a travelogue picture which will be shown by R. Hayes Hamilton, this city. Refreshments will also be served by the committee in charge of the affair.

Mr. Sellars was born June 3, 1836 on the old Sellars homestead, now the Birch farm, east of Xenia. He was the son of John and Elizabeth Sellars, pioneer residents of Greene County, and was a member of a family of eleven children, of which A. C. Sellars, south of Xenia, is the only survivor.

In December 1867, Mr. Sellars married Miss Margaret Drake, of Springfield, O., who survives him with one son and daughter, G. E. Sellars at home and Miss Alice Sellars, nurse at the National Military Home, Dayton.

Mr. Sellars was engaged in farming a number of years and spent his entire life near Xenia. He served as deacon in the First Baptist Church, Xenia, for many years.

Funeral services will be held at the church Saturday at 2 p.m. with interment in Woodland Cemetery.

KONJOLA BRINGS NEW FEELINGS OF GLORIOUS HEALTH

Wonderful Relief from Stomach Trouble Given Local Man; Gladly Indoors New Medicine

Konjola is helping thousands of people who were never benefited by any medicine or treatment before. The new compound acts upon the stomach, liver, kidneys and bowels, cleansing the whole inner system and thus bringing relief to

people who suffer from disorders of these organs. At the same time Konjola brings new feelings of health over the whole system in general. This remarkable remedy has been endorsed by hundreds of Xenia people in all walks of life. One of the latest amazing statements came from Mr. W. B. Masters, Alpha, O., (near Xenia) who made the following statement to the Konjola Man at the Galloher Drug Store, Xenia, Ohio.

"Konjola has given me new health in every way," said Mr. Masters, "and I am glad to tell others so that they may benefit in the same way."

"For several years I have been bothered with stomach trouble immediately after I would get through eating, gas would begin to form in the pit of my stomach. Everything I ate would sour on my stomach and I would belch up a hot, sour, burning fluid. This taste would stay in my mouth for several hours afterward and my throat would feel as though it was on fire. The pressure of the gas upon my heart would be so great that I thought it was going to stop beating. At night I could not sleep well but would be forced to walk the floor because the pains from my stomach were so great. I would become very short of breath at the least bit of exercise and the pains and misery in my stomach went clear through to my back. I was told by many people that my stomach was in an acid condition. I tried every medicine I had ever heard of for relief, but the trouble still remained with me."

"A friend of mine, who came to visit me, told about this new medicine and advised me to give it a trial. So I got some and began taking it. It is a blessing that I did because I had only been taking it a week when I noticed a wonderful change over my whole system. It seemed to me that new life energy was flowing through my body. I kept on taking this medicine and soon completed a full treatment of it. Now, my stomach never bothers me and I can sit down and eat whatever is placed before me without a thought or after effects. The gas never comes any more and those awful belching spells that I formerly had, are gone. When I go to bed I sleep right on through until morning and when I get up I feel full of pep and vigor. There is not a pain anywhere in my body and I know this is all due to my taking Konjola. I want to endorse and recommend this medicine to other people suffering as I have."

The Konjola Man is at the Galloher Drug Store, Xenia, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

XENIAN REUNITED WITH FAMILY AFTER BEING SEPARATED FOR EIGHT YEARS

After a separation of eight years because of immigration laws restricting his family's admission into the United States, Charles Malavazos, who with his cousin, James Malavazos, operates the Xenia Candy Kitchen, E. Main St., has at last been reunited with his wife and three small children.

More than sixteen years ago Malavazos, a native of Greece and then single, took out naturalization papers after coming to America. In 1912 he lost his identity as an American citizen when he returned to his native country to fight as a volunteer in the Greek army. He was married while in that country and years later returned to the United States, coming to Xenia to enter business.

For more than two years past Malavazos had not seen his family for eight years.

Temporary there will make their home at 639 N. King St., where James Malavazos and his family live. Two of the children are girls, aged 8 and 10. The boy is 12 years old. The wife and children are unable to speak English but the children are of school age and the father expects to enter them in the Xenia public schools soon.

Malavazos had not seen his family for eight years.

Mr. and Mrs. C. G. McPherson, who have been enjoying a week's motor trip to Washington, D. C. and eastern points, returned home Wednesday night.

June Reid, little daughter of Mrs. Margery Creamer Reid, received a painful injury to her chin Monday evening, when she fell from the porch railing at her home on Hill St. Two stitches were required to close the wound.

Miss Sallie Roberts, has been removed from the home of her sister, Mrs. S. K. Lickliter to the Miami Valley Hospital, Dayton. She is seriously ill.

Mr. and Mrs. O. J. Lowe are recovering members of Mrs. Lowe's card club and their husbands at their home on N. Galloway St., Thursday evening, for dinner. Five hundred will be in play after dinner.

Trinity Choir will meet for practice Friday evening at 7 o'clock. All members who expect to sing in the Christmas cantata are asked to attend this rehearsal.

Annual election of officers will be held at the regular meeting of Xenia Chapter, No. 36, R. A. M., at the Masonic Temple at 7 o'clock Thursday night, it is announced. Refreshments will also be served and a full attendance is sought.

FARM BUREAU PARTY HONORS NEW COUNTY AGENT ON THURSDAY

Beaver Creek Twp. Farm Bureau members and friends of the Farm Bureau organization enjoyed a social meeting Thursday evening at Beaver Creek High School. The affair was arranged in honor of Greene County's new agricultural agent, E. A. Drake and Mrs. Drake.

A covered dish supper was enjoyed, followed by an informal social hour.

Featuring the evening's entertainment was an interesting and instructive talk by County Auditor R. O. Wead, who explained how taxes are collected and where the tax dollar goes.

Following a reading by Mrs. Robert Thomas, County Agent Drake spoke briefly in explanation of the tentative program as planned to be carried out under the co-operation of the Farm Bureau organization.

BIBLE THOUGHT FOR TODAY

GOD NEVER FORGETS—When the poor and needy seek water, and there is none, and their tongue faileth for thirst, I the Lord will hear them. I the God of Israel will not forsake them.—Isa. 41:17.

CHANGES IN OFFICE

The American people have just elected a new president and congress. By a curious anomaly of our form of government, these new officials will not take office promptly. The president will not be inaugurated until March, and unless congress is called in extra session, it will not meet for 13 months, or in December, 1929.

This strikes many as a queer way to do things. Most of the states, after electing a governor and legislature, have them meet in the January after the election. The long interval between the election and the beginning of the term of the federal officers, was due to the fact that the constitution was adopted in the day of stagecoach transportation, and it was necessary to allow plenty of time to canvass the vote of all the states, and assemble the legislators at the national capital. So much time is not needed now.

However, if there is any big problem that need attention, the new congress may be called in session in the spring following its election, so that there is not necessarily any great delay.

If we were making the constitution all over again, it is likely that we would provide for the regular meeting of congress about two to three months after the election. It seems inevitable that the present system will be changed in time so that congress will meet reasonably soon after being chosen.

While the country does not like needless delays in legislation, there is such a thing as rushing laws through too fast. Quantity production is no doubt a good thing in the industries, but it would never work in the making of the laws.

HOOVER'S SOUTH AMERICAN TOUR

The country is not going to have to wait until President-elect Hoover is inaugurated before enjoying some of the good effects of his administration.

His proposed good-will tour of South America is serving to establish more cordial relations with the nations of that continent even before he gets started. For years the relations between the United States and the Latin American countries have not been of the most friendly nature and as a result this country has suffered in a commercial way, losing much trade which went to Europe instead.

In the past some of our southern neighbors have looked upon Uncle Sam with suspicion. They feared that this country sought to dictate to and dominate over the rest, refusing to listen to assurance to the contrary.

Hoover's plan for a good-will tour of these countries is a master stroke. South America is the only continent he has not visited in past years and with which he is not familiar. When he takes office next March 4 he will have a knowledge of foreign affairs and foreign relations vastly superior to that ever possessed by any other president.

Our South American neighbors are enthusiastic over the president-elect's coming visit. Governments are already preparing for a most cordial welcome and the newspapers and the public are showing the keenest interest, since an American president or president-elect has never before made such a trip.

It would be hard to conceive of anything a president-elect could do which has great possibilities for beneficial results.

SHORT WORDS

The Canadian tourist sees thousands of signs, "Accommodations for Tourists." On the American side the sign reads "Tourist Rooms." It would be interesting to know the psychology behind these signs.

Do Canadians use the longer word as expressing something better than just a room or do they use it because that's the word originally used by the roadside host? Brevity commends the shorter term.

CHRISTMAS AHEAD

As you catch a glimpse of Christmas in the future do you prepare a list of friends? A few minutes' consideration now on the Christmas list will save hours of grief later.

CAPABLE

Add to the list of interesting people the name of the Hollywood surgeon who removed his own appendix. The doctor thus establishes possession of three things: skill, courage and a sense of publicity.

Paris sets women's styles. London has a reputation for men's vogue, and the United States is dominant in automotive trends. Nevertheless the English car with the roof that can be cranked out of sight is something different.

CURIOUS

The stranger in our land sees about as many strange things as the American traveler sees in his. Here's a Filipino amazed by the long trips taken by American girls without escorts. In the Philippines a girl rarely goes anywhere alone. She is escorted to church, to the dance, and on shopping tours.

CLOP-CLOP

The horse isn't down and out yet. Milk dealers meeting in a national convention recently heard figures to prove that the horse furnishes the most economical method of delivery for ordinary short hauls. Old Dobbin wins out over the truck, and he helps the driver by learning the route. And so the clop-clop on the pavement at 3 a.m. is not a hold-over from the gay nineties. It is a part of modern efficiency.

The Diary of a New Yorker

By WALTER WINCHELL

NEW YORK.—There is a prospering speakeasy in the vicinity of a powerful New York newspaper which has up-to-date offices. The owner of the joint just received this threatening message from the publisher of the sheet:

"Members of our uptown staff are frequenting your place between working hours and are getting drunk. Unless you refuse to sell hard liquor to any of them I shall have your place closed."

As a matter of fact, the place is owned by the staff.

A Probable Hit

The intolerant, the professional evangelists and the narrow-minded are rebuked in fitting fashion by Harry Wagstaff Gribble, whose spellbinding drama, "Revolt," is proffered at the Vanderbilt Theater. The premiere spectators appeared to find most of it taut and compelling dramatic fare, for they interrupted the proceedings several times with outbursts of genuine handclapping, which it merited.

With a first act that romps from the moment the asbestos lifts and a second episode crowded with highly amusing comedy relief and gripping drama, "Revolt" arrests the eye and the ear, winding up with a two-scene finale that is none the less interesting even if the unhappy denouement is unfolded at a retarded tempo.

It revolves around the Rev. Barnabas Ford and his son Paul, and his three virtuous daughters, Faith, Hope and Charity. Bereft of a mother who passed away at an early age in an asylum, the girls are closeted in the residence adjacent to their father's house of worship, where "the facts of life" and the devil may not easily find refuge.

The son returns from college for a holiday and is rebuffed by his father. His devoted sister, Hope, had already asserted herself, only to have the reverend instruct his physician to inspect her brain. The world and its people were mad, complained Ford, and when he plotted to bring back his straying flock with a girl child evangelist, who won 200 Passaic converts, most of whom were school chums, and the stunt failed, Ford became reconciled to the fact that his method of preaching was not modern, and he went to his study where he committed suicide.

It is Mr. Gribble's theory, and a logical one, that the hysteria aroused by professional evangelists and sensational preachers and others can be shattered. "Once the spell is broken," observes Mr. Gribble, "people come to their senses," and there are several engaging incidents in the play which aroused the audience to a pitch of enthusiastic frenzy. "Revolt," therefore, appears to be a hit.

The cast is splendid. It is difficult to single out the outstanding player. Perhaps the performance by Ackland Powell as the son is the best. Hugh Buckler's portrayal of the bitter and deranged preacher was also excellent, which might be recorded. BIBLE THOUGHT FOR TODAY

GOD NEVER FORGETS—When the poor and needy seek water, and there is none, and their tongue faileth for thirst, I the Lord will hear them. I the God of Israel will not forsake them.—Isa. 41:17.

CHANGES IN OFFICE

The American people have just elected a new president and congress. By a curious anomaly of our form of government, these new officials will not take office promptly. The president will not be inaugurated until March, and unless congress is called in extra session, it will not meet for 13 months, or in December, 1929.

This strikes many as a queer way to do things. Most of the states, after electing a governor and legislature, have them meet in the January after the election. The long interval between the election and the beginning of the term of the federal officers, was due to the fact that the constitution was adopted in the day of stagecoach transportation, and it was necessary to allow plenty of time to canvass the vote of all the states, and assemble the legislators at the national capital. So much time is not needed now.

However, if there is any big problem that need attention, the new congress may be called in session in the spring following its election, so that there is not necessarily any great delay.

If we were making the constitution all over again, it is likely that we would provide for the regular meeting of congress about two to three months after the election. It seems inevitable that the present system will be changed in time so that congress will meet reasonably soon after being chosen.

While the country does not like needless delays in legislation, there is such a thing as rushing laws through too fast. Quantity production is no doubt a good thing in the industries, but it would never work in the making of the laws.

HOOVER'S SOUTH AMERICAN TOUR

The country is not going to have to wait until President-elect Hoover is inaugurated before enjoying some of the good effects of his administration.

His proposed good-will tour of South America is serving to establish more cordial relations with the nations of that continent even before he gets started. For years the relations between the United States and the Latin American countries have not been of the most friendly nature and as a result this country has suffered in a commercial way, losing much trade which went to Europe instead.

In the past some of our southern neighbors have looked upon Uncle Sam with suspicion. They feared that this country sought to dictate and dominate over the rest, refusing to listen to assurance to the contrary.

Hoover's plan for a good-will tour of these countries is a master stroke. South America is the only continent he has not visited in past years and with which he is not familiar. When he takes office next March 4 he will have a knowledge of foreign affairs and foreign relations vastly superior to that ever possessed by any other president.

Our South American neighbors are enthusiastic over the president-elect's coming visit. Governments are already preparing for a most cordial welcome and the newspapers and the public are showing the keenest interest, since an American president or president-elect has never before made such a trip.

It would be hard to conceive of anything a president-elect could do which has great possibilities for beneficial results.

SHORT WORDS

The Canadian tourist sees thousands of signs. "Accommodations for Tourists." On the American side the sign reads "Tourist Rooms." It would be interesting to know the psychology behind these signs.

Do Canadians use the longer word as expressing something better than just a room or do they use it because that's the word originally used by the roadside host? Brevity commends the shorter term.

CHRISTMAS AHEAD

As you catch a glimpse of Christmas in the future do you prepare a list of friends? A few minutes' consideration now on the Christmas list will save hours of grief later.

CAPABLE

Add to the list of interesting people the name of the Hollywood surgeon who removed his own appendix. The doctor thus establishes possession of three things: skill, courage and a sense of publicity.

FASHIONS

Paris sets women's styles. London has a reputation for men's vogue, and the United States is dominant in automotive trends. Nevertheless the English car with the roof that can be cranked out of sight is something different.

Small automobiles are numerous among the new English models because of the heavy taxes on large engines.

Hugh Buckler's portrayal of the bitter and deranged preacher was also excellent, which might be recorded of Elizabeth Allen as Hope, Eunice Stoddard as Charity, Charlotte Denison as Faith and the others, who are Helene Laecky, Anita Fugazy, Elliott Roth, A. G. Andress and Paul Gilfoyle.

It is all done with great dignity and good taste, although some probably will argue otherwise, for several daring and religious exposes are provided.

It is a courageous piece of work, done nobly, and rates the support of the intelligent.

William Powell is listed as the sponsor, but Times Square will tell you that Lew Lewison is his name. Mr. Lewison is an exploiter for productions, and "Revolt" marks his debut in the producing business. He should go far, considering his fine start.

Nevertheless, a G. O. P. president can have his preferences among Democrats as well as among Republicans. When he has a plus to hand out to one of the former it is natural for him to slip his gift to one of them whom he likes.

There is reason to believe that President Coolidge likes Finis Garrett as much as it is possible for a president of the former's politics to like a congressman of the latter's.

To enable the president to take care of Finis with a nice ap-

pointment, the only thing necessary is for one of the Democratic members of some good board, bureau or commission accommodatingly to die or resign soon. Fortunately several of them are in bad health or very old.

Finis probably would welcome some token of regard from G. O. P. sources just now, too.

Finis won the Republican

brethren's good will as Democratic leader in the house of representatives—a leadership which has covered almost exactly the term of President Coolidge's administration.

It has been a period of mush-

scrambled party lines on Capitol Hill.

Republican insurgency has

bothered the administration half

to death. The senate has been

worse than the representatives.

Yet even in the latter body there

have been times when Congress-

man John Q. Tilson, the Repub-

lican leader, might have been

voted down if he had not had

Democratic help.

On such occasions Finis has

been a great comfort to John Q.

John Q. is a Republican. Finis

is a Democrat. But they are

two stout old conservative war

horses, who think a lot alike, just

the same.

In fact, it has been a popular

saying in Washington that there

were two Republican leaders in

the house of representatives—

Congressman Tilson of Connecti-

cum and Congressman Garrett of

Tennessee.

Is it any wonder that the G. O.

P.-ites approve of Finis

luckily the Democrats did

not like it so well.

Last spring Finis decided to

come to the senate from Tennessee.

Senator Kenneth McKellar

was up for renomination. Finis

tried to take it away from him.

McKellar won hands down. Finis

is lost his representative's seat,

too.

Thus we see why Finis Garrett

needs a job on a commission,

a bureau or a board.

I look around at this farm where

we live and realize that it is all

the world I shall ever know. That

in the old, tired, haggard face

that looks back at me from my

mirror, I read the finale to all my

old times.

My dear child—you aren't an

idiot. Of course, you're discour-

aged and unhappy, and you've

looked so long at the distances,

and you can't see the beauty of

the world that lies at your door-

step. Even your mirror tells you

truths. It cannot tell you you

are old. You know better than

that. And so do I, who am many

years your senior, and am young

today, as I shall be for a long

time yet.

You have said that you don't

expect me to be of any real help

to you. That's quite a challenge.

And before I take it up, let me

impose just one condition. Let me

challenge you to forget your

misery for just two weeks. Let me

challenge you to laugh a

dozen times a day. Not foolish,

senseless, futile laughs, but real

buoyant, contagious laughs that

come right up from your very

"innards." There's nothing to

laugh at? Don't be foolish, my

dear. What about a 35-year-old

woman calling herself old?

What about a woman living in

the midst of your

beautiful country, watching the

pillow turn crimson and gold,

Buccaneers Prepare Gangplank For Sidney

CENTRAL MUST TAKE FINAL LEAGUE GAME TO REMAIN IN RACE

Friday Contest Will Decide Chances In Title Campaign

Unbeaten since the opening game of the season Xenia Central High Buccaneers hope to preserve their clean slate in the Miami Valley High School League in the final league game with the powerful Sidney High eleven at Sidney Friday afternoon.

The Buccaneers may depend mainly on a forward passing game Friday as Sidney is reported to have a heavy line that may stop thrusts of Blue and White backs.

Coach Walter L. "Pinky" Wilson is stressing offensive more than defensive in workouts this week. Central has exhibited a strong defense that has held opponents to a total of twenty-five points in seven games, but the offensive has been somewhat below expectations.

Central's scoring punch, which disappeared several weeks ago and had been missing ever since despite an exhaustive search by Coach Wilson, turned up just in the nick of time last week to enable the Buccaneers to nose out Troy High 6 to 0.

It is considered a safe bet, however, that Xenia will have to score at least two touchdowns in order to defeat Sidney.

The Sidney contest will either make or break Xenia's hopes for the league championship this season. Xenia's chances of winning the title are none too good as matters stand because of having played two tie games against one for Piqua, which is also undefeated in four games.

Everything depends upon Piqua's closing league game with Troy High Thanksgiving Day. Regardless of whether Xenia defeats Sidney Friday, Piqua can clinch the title by beating Troy. A Xenia victory over Sidney coupled with a Troy victory over Piqua would automatically give the Buccaneers the championship.

FARM HOUSE BURNED TO GROUND; FLAMES DESTROY CONTENTS

Fire of unknown origin, believed to have smoldered on the upper floor throughout Wednesday, totally destroyed the farm home of Mr. and Mrs. Jacob Harner, Beavercreek Road, Thursday morning.

The fire was discovered breaking through the floor of the upper

story by one of the young boys in the family at 4:30 a.m. and rapidly gained headway. Mr. and Mrs. Harner notified neighbors who rushed to fight the flames.

The contents of the house, a

frame structure of a story and one-half, were saved from the lower floor but the upstairs furniture was destroyed.

The smoke house and wash-

house, located near the dwelling, were also burned to the ground, but the barn, poultry houses and other outbuildings were not damaged. The house and contents were covered by insurance but the loss could not be estimated.

Mr. and Mrs. Harner have moved to a tenant house on the Ross Harner farm, nearby.

FOUR MORE FEDERAL PRISONERS AT JAIL

Population of the Greene County Jail mounted to twenty-seven when four additional federal prisoners committed to the local jail in United States District Court at Dayton, were delivered to Sheriff Ohmer Tate Wednesday.

The jail now contains ten federal prisoners, eight of whom have been received from Dayton during the last two days. The jail has a capacity of thirty-five.

The latest arrivals Wednesday were each sentenced for violations of the national prohibition act, as were the preceding four. They were registered as: Paul Huntington, 30, fined \$200 and sentenced to forty days; George Cuntryman, 41, fined \$200 and sentenced to forty days; Delbert Howard, 21, fined \$300 and sentenced to two months; and James Newman, 35, fined \$250 and sentenced to sixty days.

DEATH CLAIMS MRS. MARY LINKHART, 87

Mrs. Mary Linkhart, 87, died Wednesday afternoon at 3 o'clock at the residence of her daughter, Mrs. Ella Dice, 510 Steele Ave., Dayton. She is survived by Mrs. Dice and two sons, Cyril Linkhart, Xenia, and Nathan Linkhart, who lives in Indiana. One brother and one sister also survive.

Funeral services will be held Saturday afternoon at 2 o'clock at the home of Mrs. Dice and burial will be made in Woodland Cemetery, Xenia.

POSTPONE GAME

The football game between the O. S. and S. O. Home and Beavercreek High teams, scheduled for Friday afternoon, has been postponed by Superintendent C. V. Burton, of the Home, because of funeral services for Mary Ellen Knight, Home pupil.

FRIDAY

JACK DEMPSEY WILL STAGE RING RETURN FANS NOW BELIEVE

Will Meet Uzecudun Or Jack Sharkey Next Summer

NEW YORK, Nov. 15.—Jack Dempsey may meet Paolino Uzecudun or Jack Sharkey in a bout at Yankee Stadium next summer and the announcement of the former heavyweight champion's return to the ring probably will be made after a conference with Tex Rickard at Miami Beach, Fla., in January.

Those are the paramount points which fight fans are taking for granted today after three days of conferences between Dempsey and Rickard.

"We have arranged for Dempsey to visit my place in Miami Beach," Rickard said after the last conference, "and shortly after his arrival I expect to be in a position to say whether or not Dempsey will attempt another comeback. There is no secret about the matter now. He doesn't know his own mind yet and there is still plenty of time for him to make it up one way or another."

Although everything points to Dempsey coming back again, the thing that is troubling both Rickard and Dempsey is that neither of them is sure the former champion can get himself back into shape to meet a first rate contender.

Dempsey is 33, according to the record books, and began fighting in 1915. He has fought only three times since he knocked out Luis Firpo in 1923, the two ten-round bouts with Tunney and his bout with Sharkey. Dempsey is overweight and out of shape now. He admits it himself.

A strong indication that Dempsey plans to enter training soon is provided by the fact that Gus Wilson, his former camp attendant, has arranged to close his Orangeburg, N. Y., training camp for the winter as a step toward rejoining Dempsey.

Dempsey will return to California the first of next week and may go into the hills and start training secretly.

"I don't know myself from day to day what I'm going to do," Dempsey said. "If I return to the ring, it will be for Rickard and on Rickard's terms."

CENTRAL MUST TAKE FINAL LEAGUE GAME TO REMAIN IN RACE

SIX UNDEFEATED TEAMS AS PECULIAR SEASON NEARS END

Guessing or experting—call it whatever you like—on the probable outcome of collegiate football games scheduled for the coming Saturday is once more filled with possibilities of reversals of form which may result in more upsets.

This week it is George J. Haller, 328 E. Third St., who will attempt to successfully predict the winners of thirty-five football games. Haller will try to maintain the high average built up by Xenia fans in football predictions made weekly since this most remarkable of all gridiron seasons began.

Karl Finke, sports editor of the Dayton News for the last five years, has severed his connection with the newspaper profession effective Thursday.

Finke came to Dayton from Columbus where he graduated from Ohio State University and is leaving newspaper work to enter business.

Si Burick, who has been assistant to Finke, will succeed him as sports editor of the Dayton paper, effective at once.

Finke and Earl "Red" Blaik, Dayton, came to Xenia last winter when Xenia Central High basketball team was given the Dayton News trophy for winning the first court championship in the Miami Valley League.

Bowling

Shattering the one-team monopoly of the Business Men's Bowling League, the team composed of A. Smith, Graham, Spahr, Bell and Taylor won the weekly match Wednesday night by a margin of ninety-six pins, totalling 2,746. Davis rolled 596 and Gable turned in 571, including a single game of 148. Central's scoring punch, which disappeared several weeks ago and had been missing ever since despite an exhaustive search by Coach Wilson, turned up just in the nick of time last week to enable the Buccaneers to nose out Troy High 6 to 0.

It is considered a safe bet, however, that Xenia will have to score at least two touchdowns in order to defeat Sidney.

The Sidney contest will either make or break Xenia's hopes for the league championship this season. Xenia's chances of winning the title are none too good as matters stand because of having played two tie games against one for Piqua, which is also undefeated in four games.

Everything depends upon Piqua's coming league game with Troy High Thanksgiving Day. Regardless of whether Xenia defeats Sidney Friday, Piqua can clinch the title by beating Troy. A Xenia victory over Sidney coupled with a Troy victory over Piqua would automatically give the Buccaneers the championship.

Friday Contest Will Decide Chances In Title Campaign

Undefeated since the opening game of the season Xenia Central High Buccaneers hope to preserve their clean slate in the Miami Valley High School League in the final league game with the powerful Sidney High eleven at Sidney Friday afternoon.

This week it is George J. Haller, 328 E. Third St., who will attempt to successfully predict the winners of thirty-five football games.

WHAT AGENCIES BENEFIT FROM CHEST DRIVE?

Each Benefiting Organization Carries Out Its Welfare Work in a Different Direction So There Is No Duplication Of Effort; Symposium Explains Purpose Of Organizations.

Seven social and charitable agencies will benefit from the Community Chest campaign here November 20 to 27.

All are agencies that previously have solicited funds individually each year to support their activities. This year, first of the Community Chest, it is believed a more efficient solicitation can be made with less annoyance to contributors.

A budget of \$10,000 has been agreed upon as the goal of the campaign. Out of this fund there will be distributed \$7,000 to the various benefiting organizations to finance their operations for a year. The chest is asking the additional \$3,000 as contingency fund to be used anywhere emergency demands.

The benefiting agencies and the work that they do are explained in the following symposium:

SOCIAL SERVICE LEAGUE

Briefly this organization is attempting to cover this field:

Issuing city relief;

Making investigations in homes;

Certifying persons to County Infirmary;

Making arrangements at hospitals for care and operations, where needed;

Issuing half fare R. R. tickets to indigents;

Looking after "Travelers' Aid" cases;

Co-operating with public charities;

Assisting in securing employment;

Buying goods and patterns and planning sewing for city organizations;

Obtaining services of city doctor;

Many other details in the work of rescue and care.

GARDEN CLUB

The Garden Club's budget for the year 1929 is \$200. This money heretofore has been raised by a membership drive over the city, but following out the idea of not soliciting but once a year for funds for the various organizations, the club has been given a place in the budget.

During the year the club uses this money for the purpose of purchasing seed which is given to school children in the effort to encourage children to beautify their homes and lawns; a portion of seed is also used in planting what might be termed a "master garden" and from this flowers are cut for the hospitals, sick and churches.

P.T. ASSOCIATION

The P.T. Association is asking for \$300 for three months of next year. The money is used for lunches for the under-nourished children of the community. The lunches are prepared for fifteen cents each.

Do you enjoy your food?

If you do not enjoy your food it is a true sign that you are losing your appetite. And when your appetite is "gone" it means you haven't the resistance to ward off disease. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work or play.

Rich, red, blood builds and sustains

Your physician will tell you that lowered vitality is the result of an insufficient supply of red blood cells—those vitalizing elements in the blood that nourish and sustain the body.

When you get your red blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pimples, and skin troubles disappear. You get hungry again; sleep soundly; solid flesh takes the place of that which was once flabby. You feel strong; and your nerves become steady.

RED CROSS

This organization of the Community Chest assists disabled war veterans and their families, and gives service regarding legislation affecting the rights of service and ex-service men.

In times of disaster it has always given relief and in times past has had public health nursing and has carried on the work of the Junior Red Cross through the schools.

XENIA RECREATION ASS'N.

The small sum being asked for 1929 will be used during the summer months to hire possibly two or three high school girls to supervise the play of small children at the various school yards in the city. Story telling, special games, etc., will be employed. This was carried out one summer with great success, but has not been tried since due to the lack of funds.

BOY SCOUTS

The Boy Scouts of America is a nation wide organization for boys embracing a dash of romance, a spice of adventure, a bit of mystery and a coloring of boyish pride.

Why does the boy need Scouting? Because of the vigorous physical life; leadership in the years when crime and religion alike recruit their largest numbers; a program that will grip the boy's interest, outdoor life to counter the drift of modern city life; enrichment of interest for rural life; mental growth, information, service through pleasurable activities; habit formations that shall be spontaneously moral and social; democratic influences which cut squarely across all levels of society; arousing thought toward his place in life.

Why does the community need Scouting? Because it develops leadership, courage, character and self-reliance. In the boys, our most valuable assets. It helps develop keen-minded, red-blooded, right-hearted youths for their place in our community.

In Scouting the boy finds something of the ancient lure of woodcraft in God's out-of-doors; he learns and lives the Scout law; takes the Scout oath and does a good turn daily; he meets those life long friends, the trees, birds, flowers, animals and stars; he studies the age old secrets of first aid to injured, that savior of human life; he plays the games and studies the books of camping, handicraft and handcraft.

What assurance have we of the permanency of Scouting in Xenia? Never before has such whole-hearted interest been evidenced as at the present. Scouting has received great impetus by the active interest of a group of men whom are now serving as individuals and committee men, devoting time and energy that Scouting may have.

GREENE COUNTY HEALTH LEAGUE

The Greene County Health League, by the sale of Christmas seals last year, raised enough money to place a first-class scale and measuring rod in each school house in Greene County.

The League also held tour clinics in the county to discover how many people who had been exposed to tuberculosis in their families were developing tuberculosis.

The League also distributed pamphlets in plain simple English on the subject of the value of early diagnosis and early treatment of tuberculosis.

For the year 1929 in Xenia

be further advanced and strengthened in its every phase. These men are responsible for the program, suitable leadership and assure a worth while progress for this activity.

Xenia has about one hundred and twenty boys enrolled in Scouting.

Those serving on the local district committee are earnest in their desire not only to provide improvements and better facilities for the troops now organized but to extend to more boys the advantages of Scouting. Funds are needed and all may be assured that such financial assistance as may be received through Xenia's Community Chest shall be utilized to this end.

Scouting will help our boys to value the great heritage which the past has brought to him in the life and ideals of America and points the way to good citizenship through service. Not only getting but giving, not only reviving but giving back something that shall, as Lincoln phrased it, "make the world better for our little life in it."

Every Scout takes this oath: "On my honor I shall do my best to do my duty to God and my country, and to obey the Scout law. To help other people at all times. To keep myself physically strong, mentally awake and morally straight."

GREENE COUNTY HEALTH LEAGUE

The Greene County Health League, by the sale of Christmas seals last year, raised enough money to place a first-class scale and measuring rod in each school house in Greene County.

The League also held tour clinics in the county to discover how many people who had been exposed to tuberculosis in their families were developing tuberculosis.

The League also distributed pamphlets in plain simple English on the subject of the value of early diagnosis and early treatment of tuberculosis.

For the year 1929 in Xenia

city the League will spend its money for similar clinics to find early and bad cases of tuberculosis as well as continue its campaign of education. There are only five cities in Ohio that have more tuberculosis than Xenia. Christmas seals will be mailed to all donors to the Community Chest this year in the proportion that the Health League budget bears to the total budget.

HELD TO GRAND JURY

Charged with petit larceny in connection with the alleged theft

of milk bottles from porches last Sunday morning, James Hurley, proprietor of Hurley's Dairy, and his brother, Revell Hurley, an employee, waived examination and were bound over to the grand jury under \$500 bond each by Mayor John W. Prugh Wednesday afternoon.

When arrested, Revell Hurley

police say, was leaving a porch with a milk bottle nearing the cap of a rival dairy firm. Another bottle, bearing a similar cap, was found in the truck driven by his brother, which was standing in front of the house, police reported. James Hurley was later taken into custody.

WHAT AGENCIES BENEFIT FROM CHEST DRIVE?

Each Benefiting Organization Carries Out Its Welfare Work in a Different Direction So There Is No Duplication Of Effort; Symposium Explains Purpose Of Organizations.

Seven social and charitable agencies will benefit from the Community Chest campaign here November 20 to 27.

All are agencies that previously have solicited funds individually each year to support their activities. This year, first of the Community Chest, it is believed a more efficient solicitation can be made with less annoyance to contributors.

A budget of \$10,000 has been agreed upon as the goal of the campaign. Out of this fund there will be distributed \$7,000 to the various benefiting organizations to finance their operations for a year. The chest is asking the additional \$3,000 as a contingency fund to be used anywhere emergency demands.

The benefiting agencies and the work that they do are explained in the following symposium:

SOCIAL SERVICE LEAGUE

Briefly this organization is attempting to cover this field:

Issuing city relief;

Making investigations in homes;

Certifying persons to County In-

firmary;

Making arrangements at hospitals for care and operations, where needed;

Issuing half fare R. R. tickets to indigents;

Looking after "Travelers' Aid" cases;

Co-operating with public charities;

Assisting in securing employment;

Buying goods and patterns and planning sewing for city organizations;

Obtaining services of city doctor.

Many other details in the work of rescue and care.

GARDEN CLUB

The Garden Club's budget for the year 1929 is \$200. This money heretofore has been raised by a membership drive over the city, but following out the idea of not soliciting but once a year for funds for the various organizations, the club has been given a place in the budget.

During the year the club uses this money for the purpose of purchasing seed which is given to school children in the effort to encourage children to beautify their homes and lawns; a portion of seed is also used in planting what might be termed a "master garden" and from this flowers are cut for the hospitals, sick and churches.

P.T. ASSOCIATION

The P.T. Association is asking for \$300 for three months of next year. The money is used for lunches for the under-nourished children of the community. The lunches are prepared for fifteen cents each.

Do you enjoy your food?

If you do not enjoy your food it is a true sign that you are losing your appetite. And when your appetite is "gone" it means you haven't the resistance to ward off disease. Loss of appetite is only a symptom. General weakness pervades the entire body. There is no desire to work or play.

Rich, red, blood builds and sustains

Your physician will tell you that lowered vitality is the result of an insufficient supply of red blood cells—those vitalizing elements in the blood that nourish and sustain the body.

When you get your red blood cells back up to normal, that sluggish, let-down feeling, loss of appetite, rheumatism, boils, pimples, and skin troubles disappear. You get hungry again; sleep soundly; solid flesh takes the place of that which was once flabby. You feel strong; and your nerves become steady.

RED CROSS

This organization of the Community Chest assists disabled war veterans and their families, and gives service regarding legislation affecting the rights of service and ex-service men.

In times of disaster it has always given relief and in times past has had public health nursing and has carried on the work of the Junior Red Cross through the schools.

XENIA RECREATION ASS'N.

The small sum being asked for this year will be used during the summer months to hire possibly two or three high school girls to supervise the play of small children in the various school yards in the city. Story telling, special games, etc., will be employed. This was carried out one summer with great success, but has not been tried since due to the lack of funds.

BOY SCOUTS

The Boy Scouts of America is a nation wide organization for boys embracing a dash of romance, a spice of adventure, a bit of mystery and a coloring of boyish charm.

Why does the boy need Scouting? Because of the vigorous physical life; leadership in the years when crime and religion alike recruit their largest numbers; a program that will grip the boys' interest; outdoor life to counter the drift of modern city life; enrichment of interest for rural life; mental growth, information, service through pleasurable activities; healthy formations that shall be spontaneously moral and social; democratic influences which cut squarely across all levels of society; arousing thought toward his place in life.

Why does the community need Scouting? Because it develops leadership, courage, character and self-reliance in the boys, our most valuable assets. It helps develop keen-minded, red-blooded, right-hearted youths for their place in our community.

In Scouting the boy finds something of the ancient lore of woodcraft. In God's out-of-doors: he learns and lives the Scout law; takes the Scout oath and does a good turn daily; he meets those life long friends, the trees, birds, flowers, animals and stars; he studies the age old secrets of first aid to injured, that savior of human life; he plays the games and studies the books of camping healthcraft and handicraft.

What assurances have we of the permanency of Scouting in Xenia? Never before has such whole-hearted interest been evidenced as at the present. Scouting has received great impetus by the active interest of a group of men whom are now serving as individuals and committeemen, devoting time and energy that Scouting may

GREENE COUNTY HEALTH LEAGUE

The Greene County Health League, by the sale of Christmas seals last year, raised enough money to place a first-class scale and measuring rod in each school house in Greene County.

The League also held four clinics in the county to discover how many people who had been exposed to tuberculosis in their families were developing tuberculosis. The League also distributed pamphlets in plain simple English on the subject of the value of early diagnosis and early treatment of tuberculosis.

Scouting has received great impetus by the active interest of a group of men whom are now serving as individuals and committeemen, devoting time and energy that Scouting may

be further advanced and strengthened in its every phase. These men are responsible for the program, suitable leadership and assure a worth while progress for this activity.

Xenia has about one hundred and twenty boys enrolled in Scouting. Those serving on the local district committee are earnest in their desire not only to provide improvements and better facilities for the troops now organized but to extend to more boys the advantages of Scouting. Funds are needed and all may be assured that such financial assistance as may be received through Xenia's Community Chest shall be utilized to this end.

Scouting will help our boys to value the great heritage which the past has brought to him in the life and ideals of America and points the way to good citizenship through service. Not only getting but giving, not only receiving but giving back something that shall, as Lincoln phrased it, "make the world better by our little life in it."

Every Scout takes this oath: "On my honor I shall do my best to do my duty to God and my country, and to obey the Scout law. To help other people at all times. To keep myself physically strong, mentally awake and morally straight."

WIFE IS PLAINTIFF IN DIVORCE SUIT; OTHER COURT NEWS

Charging gross neglect of duty, Bertha Gasho has brought suit for divorce from Amos Gasho in Common Pleas Court.

They were married August 10, 1904. Eight children were born of the union, of which one is dead, four self-supporting and three minor children, Ruby Rose, 15, Ralph Donald, 10, and Amy Grace, 7, are living with the plaintiff and are being supported by her, the petition recites.

The plaintiff asserts she was compelled to leave her husband more than a year ago and come to the home of her parents in Greene County to live. She asks custody of the minor children.

NO TOBACCO GLUT

In spite of a considerable increase in Ohio's tobacco acreage this year, Ohio growers need not be too apprehensive about a national oversupply and consequent depression of prices, in the opinion of C. R. Arnold, department of rural economics, the Ohio State University. "As a whole the tobacco situation has looked stronger the last year or so than for some time. Extensive increases in acreage would soon spoil the situation again, but it does not seem that this year's crop will do it," says Arnold.

Nearly 100 students make up the cast, which includes a Japanese chorus of thirty-two girls; an American chorus of twenty-five boys and an American chorus of twenty-five girls.

Mr. Miller, in addition to directing the production, also directed the orchestra.

The cast of eight included: Dora Hayward as "Cherry Blossom"; Robert Adair as "Kokomo"; John Collins as "John Henry Smith"; Ralph Baldwin as "Henry Foster Jones"; Lamar Bennett as "Horace Worthington"; Charles Adair as "James Young"; Eileen Sayre as "Jessica Vanderpool"; and Charles Zell as "Tug."

The production has a Japanese atmosphere and pleased the first night audience.

FORMER XENIAN IS DEAD IN COLUMBUS

Edwin Bowsman, 40, Columbus, former Xenian, died at Mount Carmel Hospital, Columbus, Wednesday, from pneumonia. Mr. Bowsman was removed to the hospital Tuesday and his condition grew rapidly worse.

The deceased was born in Xenia on S. Detroit St., and left here when about sixteen years old. He has many friends in this city.

He was engaged in the real estate business in North Columbus. Surviving are his widow, Mrs. Carrie S. Bowsman; two daughters, Margaret and Jacqueline and his mother, Mrs. David Bowsman of Washington.

Five brothers, Theodore of Washington; Carl, Columbus; Fred, Florida; Roger, Florida and Harry of Iowa, also survive. Mr. Bowsman's father preceded him in death six months ago.

Funeral arrangements have not been made.

NO TOBACCO GLUT

In spite of a considerable increase in Ohio's tobacco acreage this year, Ohio growers need not be too apprehensive about a national oversupply and consequent depression of prices, in the opinion of C. R. Arnold, department of rural economics, the Ohio State University. "As a whole the tobacco situation has looked stronger the last year or so than for some time. Extensive increases in acreage would soon spoil the situation again, but it does not seem that this year's crop will do it," says Arnold.

Many farmers in southern and southwestern Ohio depend heavily upon tobacco as their annual cash crop. Ohio ranks tenth in the production of tobacco. Cigar type tobacco is produced in Miami, Darke, Montgomery, Preble, Butler, Warren and other southwestern counties. Ohio river counties grow Burley and southeastern Ohio produces small acreages of Pennsylvania type cigar tobacco.

Low prices for the past few years resulted in decreased acreage in the Miami Valley. However, in 1928 and 1927 consumption of cigar type tobacco exceeded production and old stocks were greatly reduced. Reduced acreage helped to cause a higher price in 1927 and a considerable increase in acreage this year.

In the United States it is estimated that the 1928 yield of cigar type tobacco will be about 15 per cent greater than last year's. However, the reduction in the stocks of old tobacco on hand is expected partly to counterbalance the increased production.

The Miami Valley crop in Ohio was planted rather late, and suffered a little from dry weather during the growing season. Late September frosts caught several late planted fields and ruined possibly a million pounds of tobacco. However, the best quality crops

The Theater

By DUANE HENNESSY

HOLLYWOOD, Nov. 15.—Maurice Chevalier, the street urchin who became a favorite in the Folies Bergere and the Francois Comique, has come to Hollywood to sing and dance his way to movie stardom.

Part of the film colony may eye the "talkies" askance, but not Chevalier.

Sound pictures have made it possible for Paramount to cast him effectively as a street vendor who sings and dances as he pushes his cart about.

Added foreign touch will be lent to the picture, "Innocents of Paris," by Dita Parlo, well-known German actress, who will be brought here to play opposite the French star. The film will be Chevalier's first.

His past career has been varied. He got his early training singing and dancing on the streets of Paris for coins tossed by visitors.

Before he was 12 years old he had been a carpenter's apprentice, an electrician of sorts, a printer's helper and a worker in a wall factory.

Chevalier's entrance to the theater was through a small dance hall where he entertained for three francs a night on four evenings a week.

While still in his early teens he was dancing partner of the noted Mistinguette at the Folies Bergere.

Then he enlisted in the French army during the World War. He was wounded, escaped from a German prison camp by posing as a Red Cross worker, and was awarded the French Military Cross.

At the close of the war he returned to dance with Mistinguette, but soon found himself snatched of an attraction to be starred.

He secured as his dancing partner Suzanne Vallo, whom he married two years ago. His pretty wife is here with him.

ROPE-HOLDERS ARE GLORIFIED BY REV. STULCE WEDNESDAY

An increased congregation greeted Pastor-Evangelist S. A. Souce at the First Baptist Church Wednesday night. The Rev. Joel R. Lunstord, pastor of the church, expressed his appreciation of the interest and cooperation manifested on the part of all attending the meetings and the public generally. Several interested people living many miles away are attending services regularly.

The topic of Dr. Stulce was "Holding the Rope", taken from the incident related in Acts of Paul's escape from Damascus. He said in part:

"Paul's life was in danger. Every avenue of escape was cut off. Guards were stationed at every exit, but some of Paul's friends succeeded in letting him down over the wall in a basket and thus he made his escape. These unknown, unnamed rope-holders are representatives of the great host of consecrated Christians who are rendering such valiant service and yet are unknown and whose exploits are unheralded. Rahab of Jericho saved the spies by letting them down over the wall with a rope. The Ethiopian saved Jeremiah, the prophet from the pit by the aid of thirty unnamed men."

"It is well to stress the importance of every Christian being a rope-holder, thus helping to save others. When we lead a soul to Christ, though we may not realize it, we may be giving the world one of its greatest blessings. Little did the Sunday school teacher in Boston, who went out of his way to speak to a young shoe salesman, realize that he was leading to Christ the world's greatest modern evangelist, Dwight L. Moody. It is a mark of genuine consecration to be willing to remain in the back-ground and hold the rope while another is in the lime-light."

STUDEBAKER'S Dictator

\$2000-worth of automobile in appearance·performance and riding ease!

\$1265
F.O.B. FACTORY

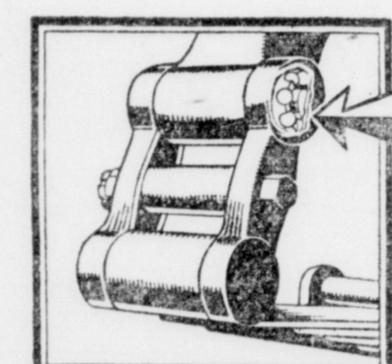

ANYONE looking at the Studebaker Dictator would estimate its cost at \$2000 or better. It looks like a lot of automobile inside and out... it is!

And when you drive The Dictator it feels like a costly car—you sense the inbuilt ability which sent a stock model Dictator 5,000 miles in 4,751 minutes—breaking all records for stock cars under \$1400.

Studebaker's 76 years of manufacturing experience,

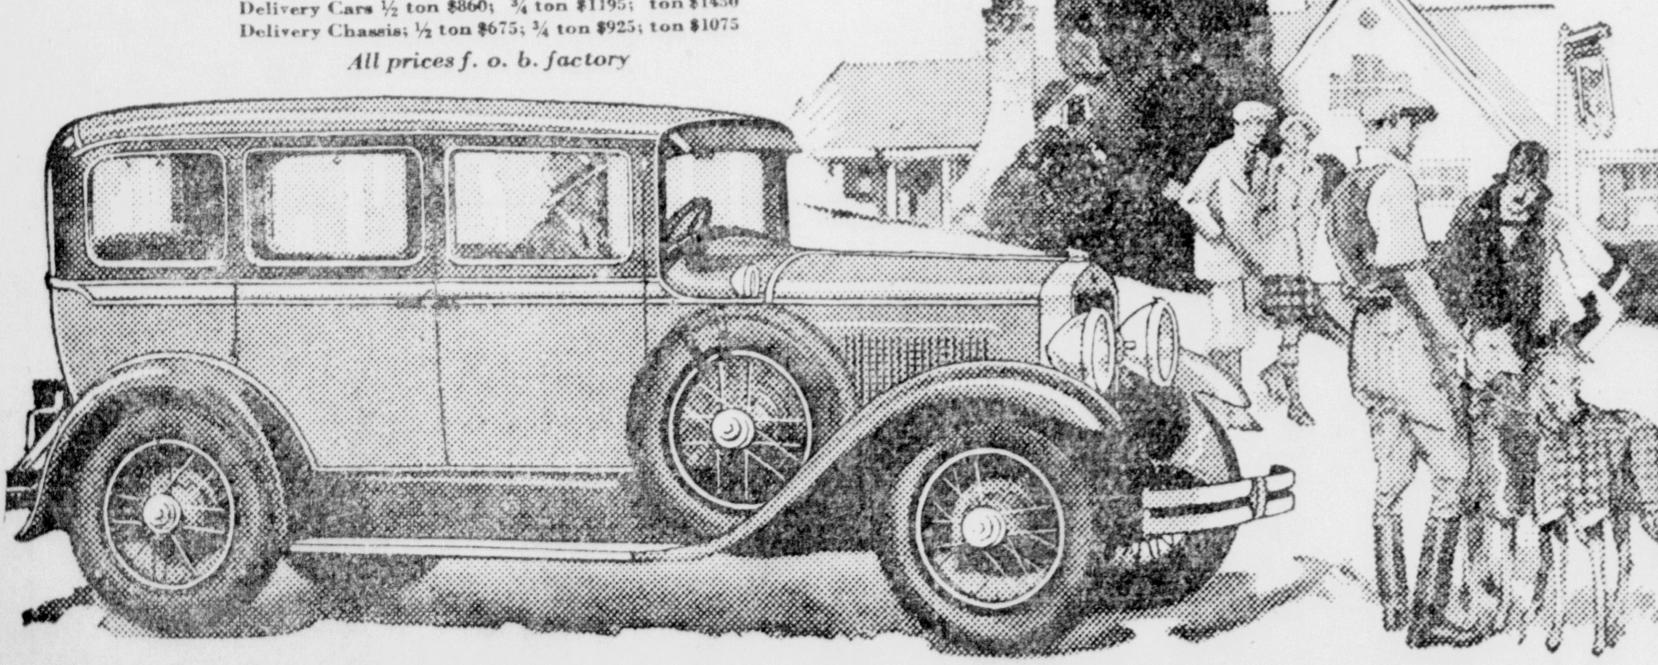

the advantage of its mammoth One-Profit facilities, and the genius of its great engineering department are combined in this fine car. It is so carefully built that it may be driven 40 miles an hour even when NEW.

Permit us to lend you a Dictator on a get-acquainted basis, because there is so much more to its story than words and pictures can possibly tell. Phone—today—for a Dictator for a thorough test run!

Literally floating the chassis friction-free on 172 balls of polished steel, Studebaker's exclusive ball bearing spring shock absorber unit insures smooth riding and hydraulic shock absorbers. Lubricant sufficient for more than 20,000 miles is contained in each wheel hub, with never bind, nor squeak, nor rattle. And because of all metal construction, there is no deterioration.

Each Drop Like a Whole Vegetable!

FRESH vegetables would give us all a state of health, if only we would eat enough of them. Few of us do. But here is a little secret about assisting the peristaltic action so greatly important to our health: here is enough in one spoon of plain syrup pepsi to fill a market basket!

Several factors affecting sound health are often ignored in the average person's daily diet. But add a little syrup pepsi now and then, and watch what happens! Your appetite improves; so does your digestion, and elimination. Lots of folks who thought they were in perfect physical condition see a tremendous change after ten days with syrup pepsi.

ROPE-HOLDERS ARE GLORIFIED BY REV. STULCE WEDNESDAY

An increased congregation greeted Pastor-Evangelist S. A. Souce at the First Baptist Church Wednesday night, the Rev. Joel R. Luskford, pastor of the church, expressed his appreciation of the interest and cooperation manifested on the part of all attending the meetings and the public generally. Several interested people living many miles away are attending services regularly.

The topic of Dr. Stulce was "Holding the Rope," taken from the incident related in Acts of Paul's escape from Damascus. He said in part:

Paul's life was in danger. Every avenue of escape was cut off. Guards were stationed at every exit, but some of Paul's friends succeeded in letting him down over the wall in a basket and thus he made his escape. These unknown, unnamed rope-holders are representatives of the great host of consecrated Christians who are rendering such valiant service and yet are unknown and whose exploits are unheralded. Rahab of Jericho saved the spies by letting them down over the wall with a rope. The Ethiopian saved Jeremiah, the prophet from the pit by the aid of thirty unnamed men.

It is well to stress the importance of every Christian being a rope-holder, thus helping to save others. When we lead a soul to Christ, though we may not realize it, we may be giving the world one of its greatest blessings. Little did the Sunday school teacher in Boston, who went out of his way to speak to a young shoe salesman, realize that he was leading to Christ the world's greatest modern evangelist, Dwight L. Moody. It is a mark of genuine consecration to be willing to remain in the background and hold the rope while another is in the lime-light.

STUDEBAKER'S Dictator

\$2000-worth of automobile in appearance·performance and riding ease!

\$1265

F.O.B. FACTORY

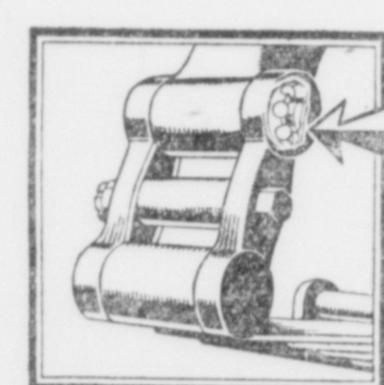

ANYONE looking at the Studebaker Dictator would estimate its cost at \$2000 or better. It looks like a lot of automobile inside and out . . . it is!

And when you drive The Dictator it feels like a costly car—you sense the inbuilt ability which sent a stock model Dictator 5,000 miles in 4,751 minutes—breaking all records for stock cars under \$1400.

Studebaker's 76 years of manufacturing experience,

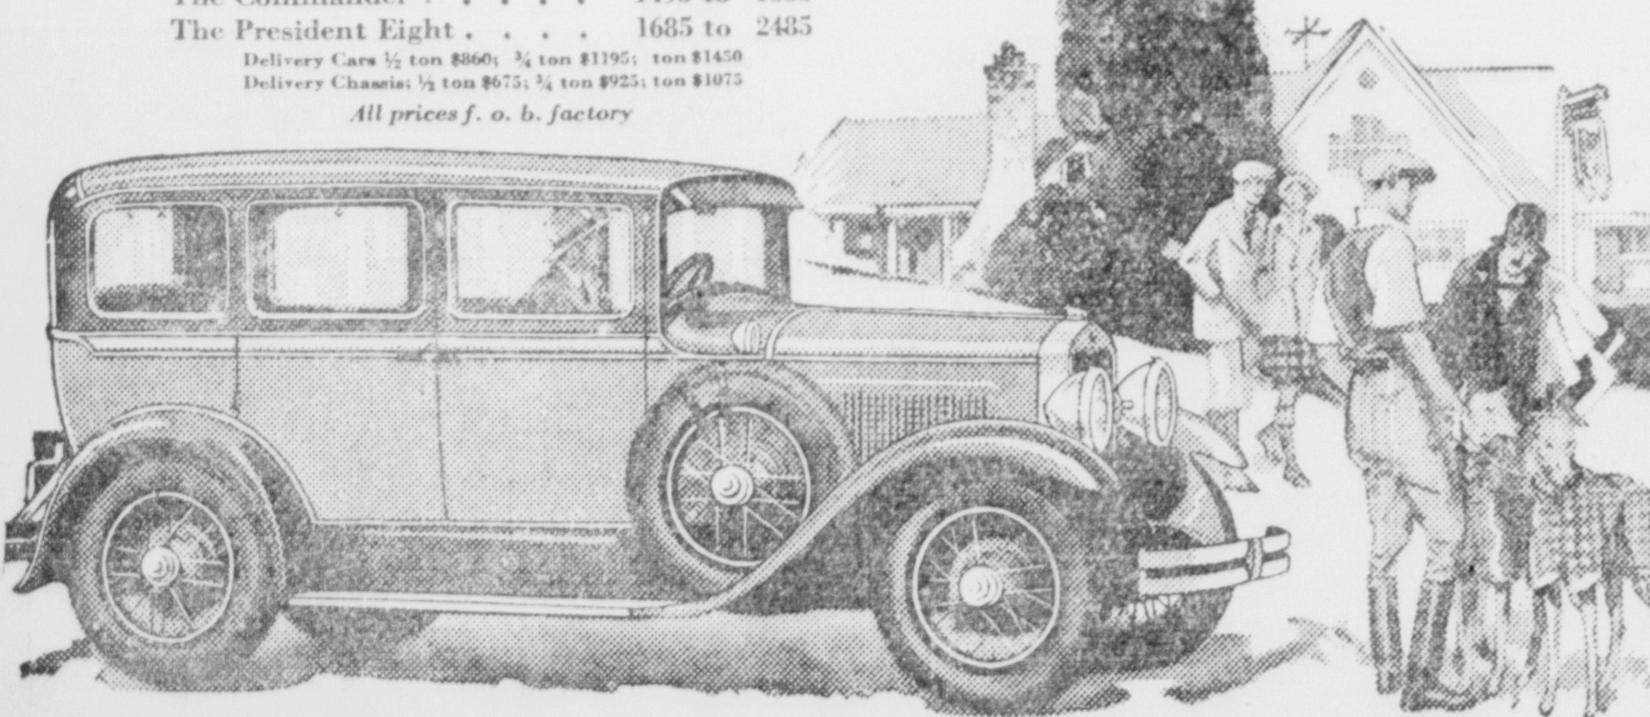

the advantage of its mammoth One-Profit facilities, and the genius of its great engineering department are combined in this fine car. It is so carefully built that it may be driven 40 miles an hour even when NEW.

Permit us to lend you a Dictator on a get-acquainted basis, because there is so much more to its story than words and pictures can possibly tell. Phone—today—for a Dictator for a thorough test run!

Literally floating the chassis friction-free on 175 balls of polished steel, Studebaker's unique ball bearing spring shackles permit unhampered action of Studebaker's plain springs and hydraulic shock absorbers. Lubrication sufficient for more than 20,000 miles is sealed in each shackle. They will never bind, nor squeak, nor rattle. And because of all metal construction, there is no deterioration.

Your appetite improves; so does your digestion, and elimination. Lots of folks who thought they were in perfect physical condition saw a tremendous change after ten days with syrup pepsin.

When a scientific, vegetable corrective can put you in fine physical form so quickly, and keep the whole alimentary tract cleared and sweet and free from need of powerful purges—it surely is

worth trying! An actual test can be made in ten days. In this short space of time your stomach and liver and bowels can be in shape to handle anything that's eaten!

Children thrive on almost any diet when pure pepsin syrup is given just occasionally to help assimilation, and make elimination thorough and regular. Elderly people have a far easier time, too, where this ideal combination of laxative herbs and pure pepsin is appreciated. Dr. Caldwell discovered this innocent means of keeping bowels normally active in 1875. Now, you couldn't find a drug-store without this famous prescription, all put up with directions enclosed.
